Re: Application for Site Development Plan Review & Waiver, APN 162-03-801-018

To Whom It May Concern:

On behalf of the Republic Services of Southern Nevada (Republic Services), Wood Rodgers Inc. respectfully submits the attached application for a site development plan review. The proposed project is exclusively located at APN 162-03-801-018 and will include the construction of an employee parking lot.

Mr. Stanley Zurawski Jr., as owner of the parcel in question, maintains a lease agreement with Republic Services and has given consent for the proposed parking lot use. The subject parcel is currently unimproved, unoccupied and is accessed by a paved private drive owned by Republic Services of Southern Nevada, and Mr. Stanley Zurawski Jr. Both parties agree to maintain access to the site as it is today.

The proposed parking lot will be for the use of Republic Services of Southern Nevada employees who work at 770 East Sahara Avenue, Las Vegas, Nevada. In total, there will be 38 parking spaces constructed, with all parking slots being numbered and assigned. The lot will include drought resistant landscaping to exceed the City of Las Vegas (City) requirements, landscape buffers as required by the City, an automatic drip irrigation system, and lighting to exceed the City requirements. There will be no compact car spaces provided within the new parking lot, and two additional handicapped access parking spaces (one van accessible) will be provided in the current handicapped parking location adjacent to the main door of the Republic Services of Southern Nevada office building. Additionally, the current parking on the West side, running North/South along the private drive will be eliminated, and those employees will be assigned parking spaces in the proposed lot.

Waiver Request: We respectfully request a waiver of the landscape island requirements within the parking lot defined by the City of Las Vegas "Urban Design and Guideline Standards".

Justification: We are providing a tree every twenty (20) feet along the perimeter of the parking lot, and within the proposed island within the parking lot. Additionally, we are providing over twenty five (25) clusters of drought resistant shrubs and bushes throughout the parking lot. This proposed landscape scheme exceeds all City requirements. As the adjacent properties are currently zoned residential, we paid particular attention to the North and West border of the proposed parking lot. We feel that

the proposed landscape scheme will significantly beautify the area, more than adequately buffer the existent residential zoned parcels and significantly improve the esthetics of the area.

Waiver Request: We respectfully request a waiver for the requirement of two (2) handicapped parking spaces within the proposed parking lot as described in the City of Las Vegas "Urban Design and Guideline Standards".

Justification: We will provide two (2) handicapped parking spaces (one van accessible) in the current handicapped parking area adjacent to the main door of the Republic Services of Southern Nevada offices. These proposed spaces will be in addition to the twelve existing handicap spaces and meet ADA requirements.

This proposed parking lot will eliminate the current parking along the West side of the private drive at 770 East Sahara Avenue, and will significantly improve the esthetics of the area in general. We respectfully request approval of our application.

Thank you for your time and attention to our request.

Sincerely,

Wood Rodgers, Inc.
